SUMMARY

Aspiring Software Development Engineer (SDE-1) aiming to begin a professional career with a forward-thinking organization. Committed to utilizing theoretical understanding of software engineering and logical reasoning abilities. Brings enthusiasm for learning new programming languages and frameworks. Interested in working closely with experienced developers to deliver quality code. Eager to participate in all phases of the development process. Focused on continuous self-improvement and achieving organizational goals.

PROFESSIONAL EXPERIENCE

Kodnest Technologies

Bengaluru, Karnataka, India

Software Development Intern

08 Dec 2025 - Present

- Intern at KodNest, where I acquired practical skills in Java, MySQL, Frontend Technology, Manual Testing, contributing to real-world projects and learning directly from industry professionals.

PROJECT EXPERIENCE

- Complaint Management System**
 - Developed a comprehensive complaint management system as a web-based application using PHP, MySQL, HTML5 and CSS. Automated complaint tracking and resolution processes, enabling improved data management, accurate reporting, and helping the organization promptly address recurring customer issues.
